Susan West joined Panther Hospitality as the Director of Business Development and Client Relations in 2010.

After spending almost a decade in the international marketing department at Coca-Cola, Ms. West was inspired to begin her sales career, with great companies such as Kelly's Kids. Her passion for customer service led her to develop her own business, Silver & Such. More recently Susan has worked with fortune 100 companies such as Kimberly Clark, in the product testing and development division.

Susan's pursuits outside the corporate environment include multiple leadership positions including President and Vice President of the PTSO at Dunwoody High School, Peachtree Charter Middle School and Vanderlyn Elementary for many years. She has chaired numerous committees and organizations and was elected to serve as the Representative on the Parent Council for DeKalb County.

Her passion for the hospitality industry is rooted from her father and mentor Jack Harris, CEO of Winston Hospitality, operator of over 45 hotels.

Susan and her husband Vernon have 2 wonderful children and live in Dunwoody, Georgia.
